Dear Students, Parents and Staff,

As we come to the close of another enriching academic year, I am filled with a deep sense of gratitude and pride for all that we have accomplished together. This year has presented us with unique challenges, yet it has also been a testament to our resilience, adaptability, and resolute dedication to excellence.

I have been truly inspired by my students' tenacity to learning, their creativity, and their willingness to embrace new ideas. They have demonstrated remarkable growth both academically and personally, and I am confident that they are well-equipped to face whatever challenges lie ahead. Remember to carry with you the lessons you have learned and the friendships you have formed as you embark on your next journey.

The support, encouragement, and active involvement of my parents in their children's education have been invaluable. Their partnership with us has strengthened our school community and enriched the educational experience for all. Thank you for entrusting us with the privilege of nurturing and guiding your children.

The major driving force behind all our achievements is the passion, expertise, and tireless conscientiousness of my staff. Their spirited ardour to excellence, even in the face of adversity, is a testament to their professionalism and resilience to our school's mission. Thank you for your hard work, your creativity, and your steadfast persistency to our students' success.

As we reflect on the past year and look ahead to the future, let us take pride in all that we have accomplished together. Let us celebrate our triumphs, learn from our challenges, and continue to strive for excellence in all that we do. May the lessons we have learned and the memories we have created sustain us as we set about on the next chapter of our journey together.

Wishing you all a restful and rejuvenating break, and looking forward to the opportunities and adventures that the new academic year will bring.

With gratitude and warm regards,

Rev Fr Xavier Ampatt CMI
Principal
